

8-0 Design/Safety Review – Schedule

- District 8-0's Design Review Committee meets every Wednesday @ 9 am
- Verify scheduled time with District PM. We may have more than one consultant, ARRIVE EARLY!
- Walk-ons accepted

8-0 Design/Safety Review - Projects/Presentation

- All projects require Design/Safety Review approval
- Most projects should be presented as early as possible for Project Intent
- Keep the Presentation simple & informal, make sure core information is readily available
- Key Staff Only

8-0 Design/Safety Review - Approvals

- Project Intent
- Line and Grade – BOD and/or FHWA
- Typical Sections
- Bridge Width, include Dist. Bridge Engineer
- Design Exceptions
- Right Size Alternatives
- MPT Concepts
- Constructability & Maintainability
- Plan Presentation Requirements – Level of Detail

8-0 Design/Safety Review –
Important Areas to Consider

- Not a Substitute for Formal Approval Processes
- Not the Project Designer – Bring Solutions and Recommendations
- Local Lead Projects or Municipal Projects
 - Committee Approvals vs. Local Scope
- In General, No Highway Occupancy Permits
- In General, No Attendance by Key Stakeholders (Elected Officials, Developers, Contractors etc.)
- Not a Policy Setting Committee – We guide the Project Team through existing DM's/Policy
